

## Ideation Phase

### Define the Problem Statements

Date	19 September 2022
Team ID	PNT2022TMID05191
Project Name	<b>Smart Waste Management System For Metropolitan Cities</b>
Maximum Marks	2 Marks

PS1

PS2

Problem Statement (PS)	I am (sanitary worker)	I'm trying to	But	Because	Which makes me feel
PS-1 People in public places hesitate to open the dustbins with bare hands and throw the waste over and around it.	I am a sanitary worker in the metropolitan city	My job is to collect waste from dustbins and keep public places clean.	People make it hard as they throw more waste around and over it rather than inside it	They hesitate to use and open the lids of the dustbins with bare hands	Frustrated and makes my job more harder

PS-2 There is no enough dustbins in the streets	I am a street sweeper in the metropolitan city	My work is to sweep the roads and keep the city clean	Due to less number of dustbins in the streets my job gets tough	This is because of improper waste management	This makes me feel exhausted and often anxious
